NOTE TO THE MILITARY JUNEAI

June 20, 1953

Due to the many complaints from various individuals and political parties to the effect that money sent to certain 1950 emissaries, who took refuge in Yugoslavia, is not shared by the recipient when received from us, and because of conflicting rumors regarding the status of these individuals, the following decision has been reached by my people:

A. Arrangements are being made with Greek authorities for these emissaries to be handed over to us if they make their way to the Greek frontier. Each of the men will be delivered into our hands without having to undergo the customary refugee handling, upon proof of identity, and by giving the code password given to each team member when they were infiltrated in Nov. '50.

B. Since photographs, of each member, are being furnished to the Greek authorities, no difficulty should be experienced by the emissaries in establishing their identity, especially once they give the code password. However, the Greeks will not allow them to be accompanied by any other refugees so it would be well to warn them in advance not to bring anyone with them.

C. These men need not come in a group; they may cross the border individually or in pairs.

If these men have not reported at the Greek frontier by 1 November 1953, it will be assumed that they no longer wish to represent the National Committee for Free Albania, and all further remuneration will cease as of that date. If, on the other hand, these men report at the Greek frontier by 1 November 1953, it will be assumed they are still associated with the NCFA and the agreements under which they have been employed will be continued by our people.

Our records show that the following men fall in this category: Halil BERGUTI, Myftar PLANEA, Ramadan CENAJ, Rexh BERISHA, Adem GJURRA and Sali Dali ALLAMANI (or Sali Dollin).

Will you check this with your records and advise if there are any discrepancies?
